

Pathway back to your DECA

Compliance with Notice of Directions issued by an Operations Manager

Cooperate with AP2 inspection during 6-monthly inspections as per the s128 notice. Attend with the AP2 and use this for education.

Notify and destroy any AFB found by yourself within 7 days. Notifying the Agency of AFB and destroying it yourself will give the Agency confidence in your ability to identify, therefore eliminate AFB.

Complete AFB refresher course. This can be completed online. In some cases, you may be asked to attend an in-person course.

0% AFB found by AP2 during inspections.

Reach out to Operations Managers for AFB best practice advice.

Application for a DECA in discussion with an Operations Manager.

Remain compliant with the PMP.

Submit your ADR between 1 April and 1 June. Complete and submit your COI between 1 August and 30 November.

Pay levies between 1 April and 1 June.

Pay default bills.

Have an open communication with Operations Managers and AP2s

Inspections by AP2 will be completed every 6 months, or until it is apparent that the beekeeper is able to identify and eliminate AFB on their own.

This process may take up to 18 months
